To whom it may concern,

I am reaching out in support of House Bill 279, a bill to protect fantasy sports and the people who play them in North Carolina. As a North Carolina based company it is important to FantasyDraft that we establish legal clarity in our home state. It is also important that legislation be equitable to all companies, both large and small, and that the proposed rules protect consumers as designed.

FantasyDraft started in 2014 and has grown to be the #3 operator in the DFS industry. But we are still very much a small business employing 9 people in our Cornelius, NC headquarters. As such, we feel it is important that legislation not only be thoughtful in how it protects consumers but that it also consider the varying types of operators involved in the space. I feel that the House Bill 279, as proposed, accomplishes both goals.

I am happy to offer any input and feedback along the way so please feel free to contact me as needed.

Sincerely,

*Stephen Krombolz*
