Mr. Eric Rowell

Dear Mr. Rowell,

I am writing in response to your June 19, 2018 request for information and documents regarding surveillance technology, and associated surveillance data, collected, recorded and retained by such surveillance technology.

Most of the information which you have requested is either 1) not a record that is currently in existence at all; or 2) exists as records that are not public records and are specifically protected by the North Carolina Public Records Law (Chapter 132 of the North Carolina General Statutes), including but not limited to N.C.G.S. §§ 132-1.4, 132-1.4A and 132-1.7. Documents that are in existence which are responsive to your request and which can be redacted so as to remove them from the protection of the Public Records Law are being provided. Except as to the redacted documents being provided, your request is denied.

Sincerely,

A handwritten signature in black ink, appearing to read "Cleveland L. Spruill Sr.", written over a horizontal line.
